2005-'06 Amp'd Mobile World Supercross GP/Amp'd Mobile AMA Supercross Series Logo Unveiled

News release

Clear Channel Entertainment's Motor Sports division and Amp'd Mobile unveiled today the official 2005-'06 Amp'd Mobile World Supercross GP/Amp'd Mobile AMA Supercross Series logos.

The 2005-'06 Amp'd Mobile World Supercross GP/Amp'd Mobile AMA Supercross Series logos will accompany all official electronic, print, and television media on the season as well as official merchandise and grass roots promotional campaigns.

"We wanted to give people a preview of the new logo they'll soon see everywhere," said Peter Adderton, CEO/founder, Amp'd Mobile. "As the new Supercross GP sponsor, we're gearing up for a great new season and getting our studio ready to bring the best supercross action to Amp'd Mobile phones when the races start next year."

"Partnering with Amp'd Mobile for the next four years gives supercross fans the technological capability to explore supercross through Amp'd Mobile's broadband wireless service," said Ken Hudgens, vice president, Clear Channel Entertainment – Motor Sports. "The new logo will be synonymous with everything pertaining to supercross."

For more information about the Amp'd Mobile World Supercross GP/Amp'd Mobile AMA Supercross Series, please log on to www.supercross.cc.com.

About Amp'd Mobile World Supercross GP™/Amp'd Mobile AMA Supercross Series: Amp'd Mobile World Supercross GP is a 17-round global series that is produced and promoted by Clear Channel Entertainment and Dorna Off Road S.L. The Amp'd Mobile AMA Supercross Series is a 16-round national series within the United States that is produced and promoted by Clear Channel Entertainment, with the exception of the event held in Daytona Beach, FL that is independently produced by the International Speedway Corporation and also is not a part of the Amp'd Mobile World Supercross GP. Riders must compete in the international rounds to be eligible to win the World Supercross GP championship. In 2005-2006, the 17-event Amp'd Mobile World Supercross GP will be comprised of two international events and 15 of the 16 events that are conducted in major cities throughout the United States as a part of the Amp'd Mobile AMA Supercross Series. The winner of the Amp'd Mobile AMA Supercross Series will be crowned as the national champion for that series.

About Clear Channel Entertainment:

Clear Channel Entertainment a leading producer and marketer of live entertainment events is a subsidiary of Clear Channel Communications (NYSE:CCU), a global leader in the out-of-home advertising industry. Clear Channel Entertainment currently owns, operates and/or exclusively books approximately 130 live entertainment venues, including nearly 100 in North America and more than 30 in Europe. In 2003, 69 million people attended approximately 32,000 events promoted and/or produced by the company, including live music events; Broadway, West End and touring theatrical shows; family entertainment shows; museum exhibitions, and specialized sports and motor sports events. In addition, the company's independently operated athlete representation business, SFX, provides management, marketing and financial consulting services to many of the world's top professional athletes. Clear Channel Entertainment operates throughout North America, Europe, and Australia. More information may be found by visiting www.cc.com and www.clearchannel.com.

About AMA Pro Racing:

AMA Pro Racing is the leading sanctioning body for motorcycle sport in the United States. Its properties include the Amp'd Mobile AMA Supercross Series, the AMA Motocross Championship presented by FMF, the AMA Superbike Championship presented by Parts Unlimited, the AMA Ford Quality Checked Flat Track Championship and the AMA Supermoto Championship. For more information about AMA Pro Racing, visit www.amaproracing.com. Accredited media outlets can also access AMA Pro Racing's online Press Room at www.amaproracing.com/pressroom.

About Amp'd Mobile:

Amp'd Mobile is the first integrated mobile entertainment company for youth, young professionals and early adopters. By leveraging the power of broadband wireless (EVDO), Amp'd will offer traditional services such as voice and text within a completely fresh user interface designed specifically for the "mobile graduate" and third-generation (3G) technology. With a myriad of customizable options to meet each person's individual needs, Amp'd will bring a more relevant, personal experience to wireless lifestyle with unique music, video, community, entertainment, sports and gaming offerings divided into various channels for quick and easy access. Launching in late 2005, more information can be found at www.ampdmobile.com.

Stephane Roncada signs with Motoworldracing.com for 2006

News release

Stephane Roncada is revving up for the 2006 Supercross/ Motocross season, and is starting things off right by signing with a new team. Although the Motoworldracing.com team had a tough 2005, they have totally revamped their program for 2006, including changing the brand of bikes.

That said, he is looking forward to being on a new team with a huge amount of support from the team and owners. He has been training hard in preparation for the 2006 Supercross and National Motocross series, and took delivery of his practice bike a few weeks ago. Since then, he has been testing and training for the upcoming Bercy Supercross, to be held this coming weekend.

Stephane said, "I can't wait to race again. It is what I love to do, and I am really looking forward to the East coast Supercross 125 (Lites) class. I have always liked the dirt at the East coast venues. The bike I am on is awesome this year, and the team has been very supportive. Paul Lindsey has really put together a great program over here, and I think this will be one of my best years ever. I feel great and the bike is awesome in stock form."

Paul Lindsey, team owner, said, "We are extremely excited about the 2006 season.

Signing Stephane was a huge step in the right direction for us, and things are really starting to take shape for the future of this team. Obviously, it's always a goal of this team to have a solid program with riders and equipment capable of winning races, and with Stephane we accomplish that. Even though our program is coming together a little later than expected, things are going extremely well, and we should have more exciting announcements in the weeks to come."

Stephane is currently preparing for the Bercy Supercross, to be held on November 11-13, 2005. He is looking forward to returning to his home country to race, especially on a new team and on a new bike. He is feeling comfortable and cannot wait to be back up front.

Stephane has already caught the eye of a few sponsors, including several outside-the-industry sponsors. More on that at a later date.

For more information or sponsorship opportunities, contact Steve Aldaco at 951) 205-3348 or aldacos1@netzero.com

Trevor Hawk's Pit Bike National

Via site e-mail

For many, many years, legend held that a major invitational outlaw pit-bike national was held somewhere in Ohio. Then our own Rupert X Pellett actually penetrated and confirmed the event, providing photographic documentation from "Behind the Corn Curtain".

Now, the event organizer, one Trevor Hawk, (if that is his real name) has come forward and permitted AMAMotocross.com to link to the secret event photo site. The pix were shot by a guy using the handle "Jerid Davies".

Have a peek by [clicking here](#), and dream of having deep enough contacts to be among the invited.

Leatt Corporation Announces Collaboration With BMW and KTM

News release

BMW Motorrad and KTM are seeking to develop an adequate system of protection for the neck, the cervical spine, the spinal cord and the collarbone in the event of a serious motorcycle fall. Leatt-Brace™ prototypes have undergone extensive testing at BMW's testing facility in Munich, Germany (as reported in our last newsletter).

The Leatt Corporation believes that a neck protection system of this kind will benefit not only the enduro motorcyclist and rally biker, but also the motorcyclist in everyday traffic situations, and will represent a great step forward in the area of passive safety. According to BMW Motorrad, testing of the brace has produced excellent results. Consequently, experts at BMW Motorrad Accident Research regard the prototype as having a huge safety potential.

"Motorcycle sport should be safer and we wish to make a contribution in achieving this", explains Dr. Herbert Diess, Head of BMW Motorrad, while commenting on the decision to dedicate a substantial degree of attention to this subject. He continues: "The concept is extremely promising. If this system continues to live up to our expectations, I can well envisage us putting it into production."

"I am very pleased with the relationship that is developing between BMW, KTM and the Leatt Corporation, the global distributor of the Leatt -Brace™," said, Dr. Leatt, C. E.O. of the Leatt Corporation. He added: "With all of us working together collectively,

I feel that the brace will penetrate the market much faster and I have hope that lives will be saved sooner, rather than later, as a direct result of this collaboration."

RIDER GEAR AUCTION ON EBAY TO BENEFIT THE MARK REYNOLDS MEMORIAL FUND – BIKES FOR UNERPRIVELEDGE AND HANDICAPPED CHILDREN

News release

Many in the motocross and mountain bike industry know that OMS agent Mark Reynolds was tragically killed by a mountain lion less than two years ago while riding his mountain bike in Orange, California. What you may not know was that Mark, an extremely avid bicyclist, always took time before Christmas to purchase new bicycles and helmets for underprivileged children – anonymously donating them to local churches. In his career as an agent, and in his life, Mark always put others before him.

After Mark's tragic death, his parents Gary and Dona Reynolds established the Mark Reynolds Memorial Bike Fund Inc. to support and carry on Mark's dreams of delivering bikes to those children less fortunate.

This fund is a 501 (3) charity and all donations are deductible with all proceeds going to the purchase of bikes. To aid in this benefit, the Mark Reynolds Memorial Bike Fund Inc. is having an EBay auction of many of today's top motocross stars riding gear. The auction will start at 6:00 PM CST on Sunday, November 13.

Included in the auction are items from such riders as Ernesto Fonseca, Kevin Windham, Mike and Jeff Alessi, Andrew Short, James Stewart – and a rare Ricky Carmichael jersey from the Motocross Des Nations! Along with the riders, special thanks go out to: Scott and Beeker from FOX Racing, Rob from SHIFT, Jackson from FLY, Big E from Answer, DC from MSR, Michelle from No Fear, Victor from Thor, and Brad Williams from the TLD sponsored WBR team.

The Mark Reynolds Fund has received a tremendous amount of support and community partners to arrange for these bikes being delivered to the children. Dona Reynolds is a "Mother on a Mission" to keep the legacy of Mark, and his passion for biking and giving, to continue through this fund. Special thanks again to all the riders, team managers, and apparel companies that donated items for this benefit auction – without their help this would not be possible.

For further information, please contact Dona Reynolds at: donareynolds@markreynoldsfund.org and visit the website at www.markreynoldsfund.com in honor of Mark.

November 1

SHOT Racegear and Tristar Racing Now Accepting Sponsorship Resumes

News release

MXSponsor.com announced today that SHOT Racegear and Tristar Racing are now accepting resumes for sponsorship through MXSponsor.com; the fast and easy way to get sponsored in the motocross industry.

Based out of Montreal, PQ, SHOT manufactures high grade protective gear with some serious attitude. Fusing maximum durability with visual dynamics, SHOT outfits riders with distinctive, top quality helmets, jerseys, gloves, pants and boots; all geared to keep you looking sharp and protected in the onslaught of dirt. SHOT uses only the best materials to ensure superior comfort, modern style and ultimate resistance to

the hardships of competitive motocross and off road racing, which makes this brand bred for the podium.

SHOT currently sponsors Gavin Gracyk and Keith Johnson and is offering a variety of sponsorships for riders looking to promote one of the hottest new gear companies.

Tristar Racing, based out of Whitinsville, MA produces some of the most innovative motocross products in the industry, ranging from CNC billet triple clamps, bar mounts, clamps, and shim kits to apparel. Designed by Riders for Riders, TriStar triple clamps are the perfect blend of superior style and outstanding craftsmanship, Each full-featured piece is carefully constructed to deliver the function, convenience, durability and good looks that can only be TriStar.

Tristar products have been used this year by John Dowd on his farewell tour and have been used on all the 2005 Motoworld Raceteams with riders such as Chris Gosselaar, Eric Sorby, Justin Brayton, Kyle Partridge, and Branden Jesseman.

How to Submit a Resume to SHOT and Tristar:

Racers wanting to submit a resume to SHOT and Tristar can signup and submit their resumes for free by using www.MXSponsor.com, the premier sponsorship website for the motocross industry. Riders simply build their online profile, upload action photos, race results, write a cover letter and submit their resume. Riders can receive sponsorships responses in as little as 3 days.

As of November 1st, there are over 18,000 sponsorships available on MXSponsor.com with new companies being added each week.

Riders can see if they have what it takes to get sponsored for free by going to www.MXSponsor.com and building their online profile in about 10 minutes.

For more information about SHOT, please go to www.shotmx.com
